

<p>Danielle Alida is a County Liaison with Blue Cross Blue Shield of Minnesota. In previous work in community, as a County case manager and as a clinician in emergency departments, Danielle learned the importance of working collaboratively and learning from each other and those served. As a Liaison, she continues to work across the state to ease the use of accessing support for individuals, families and those providing care.</p>	
<p>Helen Tome is the Dental Innovations Coordinator in Region 3, and serves northern St. Louis County, primarily the communities of Ely and Babbitt. She also serves as the Executive Director for Ely Community Health Center which focuses on improving community health and removing barriers to care by providing free and highly discounted services to low income individuals, families, and seniors.</p>	
<p>Jane Neubauer has worked with Partnership4Health as the regional Dental Innovations Coordinator in Region 4 since the program's inception in 2020, serving Becker, Clay, Otter Tail and Wilkin Counties. Since 2008, Jane has also facilitated oral health prevention efforts through West Central Initiative's Early Childhood Dental Network, involving Douglas, Grant, Pope, Stevens and Traverse Counties, and the White Earth Nation. Jane believes that collaboration is the key to creating healthy families, strengthening communities, and to maximizing limited program and systemic resources.</p>	
<p>Ebony Bollig works in Region 5 which includes Morrison, Todd, Wadena, Cass, and Crow Wing Counties. She has always had a passion for dentistry, and attended Central Lakes Community College for Dental Assisting. She has worked in general dentistry, oral surgery, and endodontics. She loves helping people, and making sure they feel confident and happy with their beautiful smile.</p>	
<p>Alexis Roberts is the Dental Innovations Coordinator for Region 7E, where she serves communities in Isanti, Pine, Chisago, Kanabec, and Mille Lacs counties. Equipped with a Master's of Social Work (MSW), Alexis brings a holistic perspective to her role, championing a Whole Person Health approach to tackle barriers effectively. With a passion for improving lives, she strives to create innovative solutions that positively impact the oral health and well-being of individuals across her region.</p>	
<p>Megan Coleman is the Dental Innovations Coordinator for Region 7W, which includes Wright, Sherburne, Stearns and Benton Counties. Megan is also an accomplished public health professional specializing in the prevention and promotion of health within vulnerable maternal child health populations, with a focus on vision, and most recently, dental health.</p>	
<p>Pam Lehmann and Christiana Stensrud are the Dental Innovations Coordinators for Region 8 that includes the nine counties of Cottonwood, Jackson, Lincoln, Lyon, Murray, Nobles, Pipestone, Redwood and Rock in southwest Minnesota. Working together they help to coordinate pathways to care and provide resources for the community and dental patients throughout the region in collaboration with public health, dental providers and a variety of other stakeholders. They connect with the community using their website as well as social media to educate the public on dental resources and oral care practices.</p>
